

BYD'S MATERIAL HANDLING EQUIPMENT
 THE WORLD'S FIRST LITHIUM ION IRON PHOSPHATE POWERED LIFTERS

BYD EQUIPMENT ASSESSMENT FORM

To further assess the specifications you need, please help provide the following information regarding your warehouse:

ENVIRONMENT

- Open Refrigerated Enclosed Well Ventilated Enclosed No Ventilation Frozen

Temperature Range : _____
 Floor Surface : _____
 Maximum Inclination : _____
 Door Height Clearance : _____
 Maximum Collapsed Height Clearance (meters) : _____

TYPE OF RACKING SYSTEM

- None Selective Drive In Deep Pallet (# of Deep) _____ Others Please Specify: _____

of levels high (meters) : _____
 Max. height of equipment (meters) : _____
 Warehouse aisle width minimum (meters) : _____
 Warehouse aisle width maximum (meters) : _____
 Width of drive in System (if any) _____
 Maximum Travel Speed (with/without load) _____

LOAD DETAILS

- Non-Palletized Palletized Cans or Barrels Others Please Specify: _____

Pallet Size : _____
 Heaviest Load Size : _____
 General Load Size : _____
 Load Dimensions (L x W x H) with pallet : _____
 # of Operation Hours per day : _____
 # of shift : _____

Other Information : _____

CHARGING AREA

Available Power Source
 Single Phase
 Three Phase

Environment
 Open Enclosed No Ventilation
 Enclosed Well Ventilated

Temperature
 Range : _____

Exclusively Distributed by Solar Transport and Automotive Resources Corp
 Located at 312 Pleasant Hills, Shaw Boulevard. Mandaluyong City 1552
